

Grades K & 1

Cooperation means working together. Working together helps us do more than working alone. It can be fun too! We can work together on a puzzle or to play a game. We can also work together to learn our ABC's or practice our numbers.

Color in the words:

Cooperation

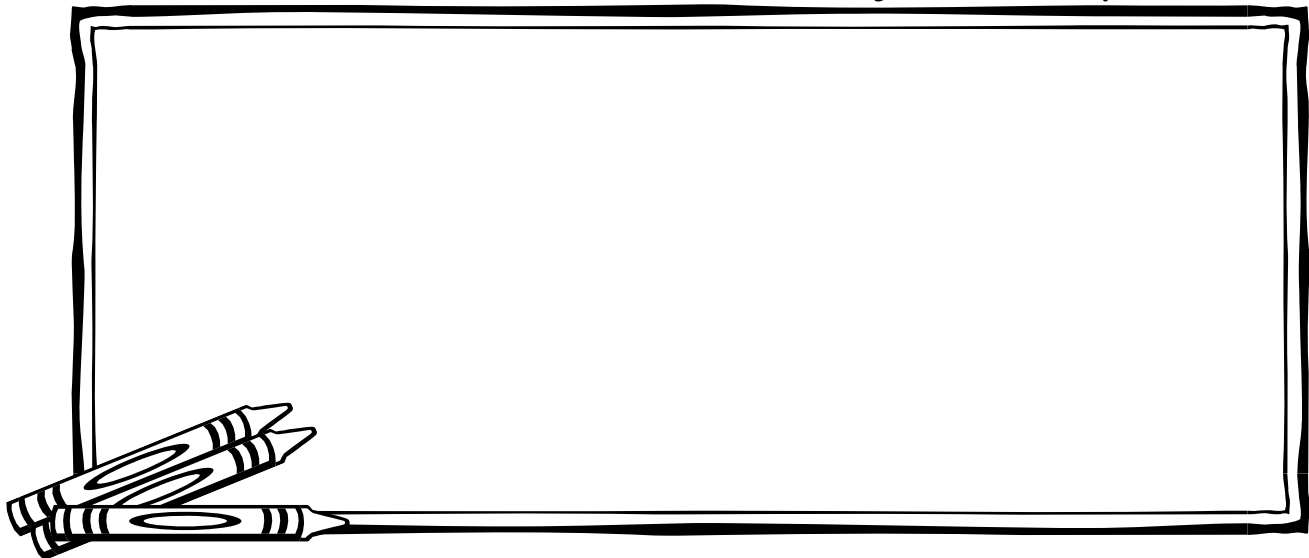

Ways to Work Together

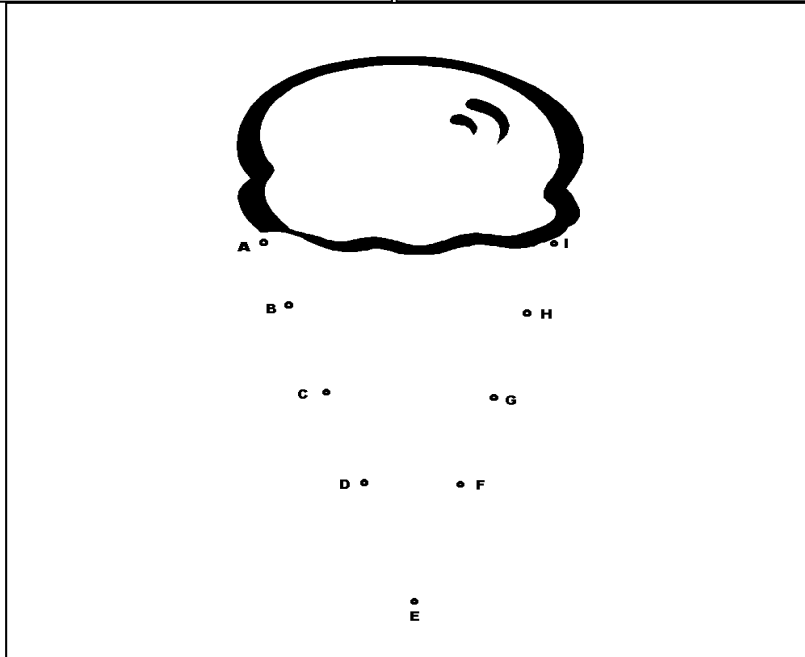

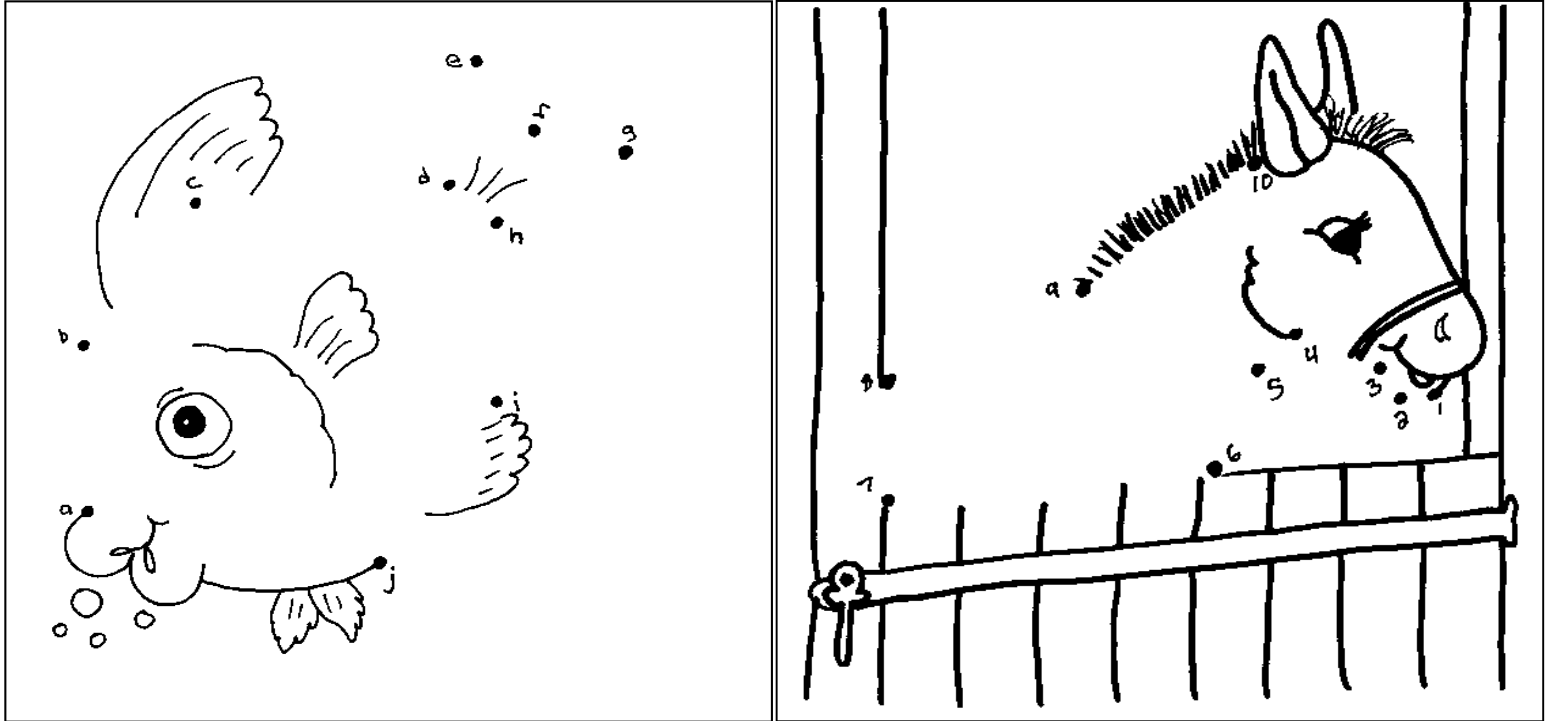

- Share
- Take Turns
- Don't Leave Anyone Out

Draw a Picture of how you like to cooperate

Working together can be lot's of fun! Work with a friend or parent to connect the dots and color the pictures.

Was it easier to connect the dots together? Was it fun? Did you remember to share and take turns? This month, look for more ways to cooperate. See you next month!
